

## Media Policy

We LOVE to see our patient's smiling faces, and we encourage you to snap a "happy" picture of your child before or after their dental appointment!

However, when dental treatment is in progress, we have a strict **NO TOLERANCE** policy when it comes to photographing or recording dental procedures of any kind.

We ask that you refrain from any form of photographing or recording dental procedures once treatment is initiated. You are welcome to take notes if you need to remember pertinent information about your child's appointment. We document all relevant information within your child's dental record. You are entitled to this information, and we will gladly provide it to you if requested.

If this policy is violated, we reserve the right to dismiss your family IMMEDIATELY from our practice. You also agree to release the practice from liability for subsequent use of the recording/image.

Your child's dental health is of the utmost importance to us. Please help us focus on your child and respect our media policy.
